The TEC FX BACK OFFICE LTD (hereafter referred to as "FXBO") Partner Discount program is designed to offer registered users' exclusive access to discounted offers from external partners of FXBO. These discounts are specific to the partner's products and services, and not applicable to FXBO's own offerings. By participating in this program, users agree to the following terms and conditions, which outline the guidelines, restrictions, and responsibilities related to the use of partner discounts.

Eligibility for Participation

To be eligible for the Partner Discount program, users must be registered with FXBO, hold an active CRM, and be new customers to the respective partners providing the discount. If a user already has an existing relationship, account, or subscription with a partner, they will not be eligible to use that partner's discount through this program. This program is specifically intended to provide discounts for first-time customers of the partner, and any existing collaborations or prior agreements between the user and the partner are excluded from eligibility under this program.

Discount Offers from External Partners

The Partner Discount program is based on the contributions of external partners, who determine the specifics of their own discount offers. These offers can vary significantly depending on the partner's business model, and they may include discounts on a wide range of products or services. Each partner sets their own terms for the discount, including the percentage, duration, and any specific products or services that qualify for the discount.

It is important to note that these discounts apply solely to the products or services provided by the partner. FXBO itself does not offer any discounts through this program, nor do the discounts extend to FXBO's software, subscription plans, or services. Therefore, while the partner discount is valuable for accessing discounted products from the partner, it does not impact the pricing or terms for any services provided directly by FXBO.

Application of Partner Discounts

Once eligible, users can apply the partner discount to the respective partner's products or services. However, this discount is exclusively available for the offerings of the partner and cannot be used toward the purchase of FXBO's products. Each discount is subject to the specific terms outlined by the partner, and users must ensure that they meet any requirements for applying the discount. This may include using a unique discount code, meeting a minimum purchase threshold, or fulfilling other conditions set by the partner.

It is also worth noting that FXBO does not control the discount terms set by external partners. The nature of the discounts and their application may change without prior notice, and users should verify the current status of any discount offer before attempting to use it. Additionally, the partner discount cannot be combined with other promotional offers unless specifically allowed by the partner's terms.

Restrictions and Limitations

All discounts provided under this program are bound by the partner's own set of terms and conditions. These may include exclusions for certain products or services, geographic restrictions, or time limitations. FXBO is not responsible for enforcing or managing these restrictions, nor does it guarantee the availability or fulfillment of the partner's discount offers. Users should carefully read the details of each offer to understand any limitations that may apply.

Furthermore, FXBO does not assume any responsibility for the quality or delivery of the partner's products or services. Any issues related to the use of a partner's discount, including dissatisfaction with the partner's product or service, must be handled directly with the partner, not FXBO.

Changes to Offers

The Partner Discount program is dynamic, and external partners retain the right to modify or cancel their discount offers at any time. FXBO is not responsible for any changes, cancellations, or discontinuations of these offers. If a partner decides to modify the terms or stop offering the discount, users will be informed, but FXBO is not liable for any impact on the user's experience.

It is important for users to stay informed about the status of the partner discount offers they wish to use. While FXBO may notify users of major changes, it is ultimately the user's responsibility to keep up to date with the conditions that apply to each discount offer.

No FXBO Discounts

The partner discounts provided in this program are strictly for the external partner's products and services. FXBO does not offer any discounts on its own services through this program. Therefore, while users may receive discounted pricing on a partner's offerings, this will not affect their FXBO subscription or any other services provided by FXBO.

FXBO's involvement in the Partner Discount program is limited to facilitating the partnership and providing users access to these third-party offers. However, FXBO does not control or regulate the pricing or terms of the partner's products or services.

Liability and Indemnification

FXBO does not assume any responsibility or liability for the use of partner discounts. All claims, losses, or issues arising from the application of a partner's discount are to be resolved directly with the respective partner. FXBO is not liable for any damages related to the partner's products, services, or the fulfillment of their discount offers.

By participating in the Partner Discount program, users agree to indemnify and hold FXBO harmless from any claims or damages arising from the use of the discounts or the products and services provided by the external partners.

Termination of Participation

FXBO reserves the right to terminate a user's participation in the Partner Discount program at any time, without prior notice, if the user violates any of the terms and conditions outlined in this agreement. Additionally, if a user's account is deactivated, suspended, or terminated for any reason, their access to the Partner Discount program may also be revoked.

Amendments to Terms and Conditions

FXBO may amend or update these terms and conditions at any time, and any changes will be communicated to the users of the program. Continued participation in the program after such modifications constitutes acceptance of the revised terms. Users are encouraged to review the terms periodically to ensure they understand their rights and responsibilities.
